Dear HR MANAGER,

I recently saw your advert for a Driver, I'm eager to apply for the said position. After reading the job description, and seeing an inventory of all the duties, responsibilities and qualifications required from candidates, I quickly realized that your requirements precisely match my abilities.

On a personal level, I can be summed up as someone curious by nature, inspired by technology and always searching for ways to do things better. I would also like to mention that relationships are very important to me and I strive hard to fit into my surroundings and to get along with those I work with.

At the moment my ambition is to join a company like yours with a reputation for excellence and where there is always something to do.

In closing, I would like to say that I very much hope that you will look favourably upon my application, and I eagerly await to hear back from you.

Yours sincerely,

Anwaar Hussain

Sincerely,

Muhammad Anwaar Hussain
